FIELD TRIP PERMISSION FORM

In order to save time and confusion during the school year, we are asking parents to sign a year long field trip permission form. This form will allow your child to attend all field trips during the 2023-24 school year. The forms will accompany the teacher so that emergency information and permission for treatment are readily available if ever needed. Before each field trip, the teacher will send a reminder home. If you do not wish for your child to attend that particular field trip, please contact the school at that time and your child will not attend. Newsletters will also list upcoming field trips each month as to guarantee that parents will know about field trips.

I give permission for my child \_\_\_\_\_ to attend all field trips during the 2023-24 school year.
